

The Women In the Church have purchased tablecloths for use at WIC events, churchwide activities, and other events at the church as needed. Due to the need in the past to purchase replacements for tablecloths that were missing and the costs of replacements, a policy for the use of the tablecloths has been put into place. The tablecloths should be reserved at least a week before your event, to ensure that they will be clean, sorted and available for use at your event. To reserve the cloths, you may contact Liz Griffin at 383-2206 ext. 202 or lizg@covenantpres.com. The cloths must be washed, folded and returned to the church within one week of their use, and can only be reserved for events at the church site. They may be periodically reserved for use at WIC events and other churchwide activities and during those times will not be available to be reserved for other events.
